BIG AQUATIC MEET

The Great National Regatta Begins To-Morrow.

TO BE ROWED ON THE POTOMAC.

Thousands of Amateur Oarsmen Now at the National Capital.

This Year's Entry List Never Had an Equal—The Course Has Been Staked Off and the Flags and Buoys Are in Position—Great Struggle Expected in the Senior Singles—Gold Medals for Each Event.

WASHINGTON, Aug. 17.—To-morrow the National Association of Amateur Oarsmen will give the biggest regatta ever held in America.

The National Association is the ruling body in all the principal boat clubs in this country. It is more than 20 years since the organization was formed.

To the lovers of amateur boating, a national regatta means the gathering of thousands of the best stock of the aquatic world, and the making or breaking of the reputations of hundreds of ambitious youngsters. To win at a national regatta is a guarantee that the victor is the best product of the country.

This year's regatta will be held on the muddy waters of the Potomac. Washington has paid a big price for the privilege of having the event held here, and Virginia has also chipped in its share. All the best rooms in the hotels of the Capital are taken, and on the barren Virginia shore opposite the city large booths have been erected.

The entry list for this year has never had an equal either as regards numbers or quality. New York, Brooklyn and Jersey City are represented in the majority of the events.

All of the oarsmen who are to participate have arrived in the city, and together with the local oarsmen are busily engaged in getting everything in readiness for the coming meeting.

The visiting oarsmen who came last week are taking advantage of their early arrival by daily practice, and the river presents a pretty sight with the coming contestants spinning over the course, and from the exhibition of skill and bravado the contests cannot fail to be spirited and interesting. The course has been staked off, the flags and buoys placed in position, and all the preliminary arrangements completed to insure the success of the regatta.

The indications point to a grand struggle in the senior singles in which the best amateurs in the country will take part, and great interest is being taken in this race. A new departure in amateur regatta racing will be introduced by a quarter-mile dash for single sculls. It will be a short, sharp and decisive struggle in which the quickest man away will have a decided advantage.

The racing will be for the championship and the challenge cups and plates of senior singles, doubles, pair oars and senior four oars. Individual gold medals in each event will be given to every winning oarsman or sculler, and a handsome silk banner to his club.

DEATH FROM LEPROSY.

A White Woman in New Orleans Dies at the Smallpox Hospital.

NEW ORLEANS, La., Aug. 17.—A death from leprosy has occurred in the smallpox hospital here. The patient was a white woman named Mrs. Mary Holt.

She was brought to the Charity Hospital in June last, before the nature of her disease was discovered. As soon as it was found she was a leper the woman was sent to the hospital for infectious cases.

The physicians who treated the case say she must have had the disease for many years, as her body was entirely covered with sores and that peculiar white scale characteristic of the disease.

At the hospital she continued to grow worse, and finally died a painless death. Dr. Beard, physician in charge of the hospital, says there are half a dozen cases of leprosy in the city, several of severe and advanced character, and, further, that the city authorities have taken no steps to segregate them from persons to whom they might communicate the disease.

Death of a Great Wrestler.

NEW YORK, Aug. 17.—Matsuda R. Sorakichi, the celebrated Japanese wrestler, died in this city Sunday night of consumption. Sorakichi was 33 years old. He had been ill for a long time. Sorakichi was one of the foremost wrestlers of the time, and in certain styles of wrestling had no peer. He came to this country several years ago from his native land, Japan, where he was looked upon as a phenomenon and was called the strongest man in the world. His first public appearance was in this city in a match with Duncan C. Ross, and he subsequently met Muldoon, Lewis, Miller and all the other prominent wrestlers of the country.

SARON HIRSCH'S PLAN.

Getting Ready to Found a New Colony in New Jersey.

CAPE MAY, N. J., Aug. 17.—John Moore, the glass manufacturer of Clayton, N. J., who is at present negotiating with Baron Hirsch for the sale of 5,000 acres of land between Woodbine and Mount Pleasant stations, on the West Jersey Railroad, was seen at the Stockton Hotel in reference to the transaction.

At first Mr. Moore declined to talk, saying that the papers had made premature announcements, and he said there is absolutely nothing to give to the public.

On July 1 last Mr. Moore was requested to call on the agent of Baron Hirsch in New York, which he did. Since that time the land has been looked over and other preliminary business matters entered into. The agents of the rich Baron are engaged in looking up the validity of the titles, and should they prove acceptable the deed will probably be made out during the next fortnight and the cash handed over to Mr. Moore. No money has as yet passed hands, and the negotiations cannot be considered closed for that reason. The land is said to be worth from \$3 to \$10 an acre and charmingly situated.

The West Jersey Railroad cuts it almost into equal halves, while the proposed new line, the Seashore Short Line, crosses the West Jersey at right angles, about half way between the two stations, thus placing the proposed settlement on four sides of two important railroads, one being already in active operation.

The tract of land when purchased will be laid out into small farming sites, and each farm will be provided with the necessary frame buildings. Factories for cloth and shoes will also be erected. Baron Hirsch is not entering into the transaction with a speculative view, and when the papers are ready all the cash will be at once forthcoming.

HANGED BY A MOB.

Two Men Suffer Death Although Their Victim is Nearly Well.

CITIZEN, Ala., Aug. 17.—Monroe Evans and his son John were arrested at Balltown a few days ago charged with shooting Piers Mooney last May. On Saturday they were taken before a local justice of the peace, who declined to try them but bound them over without bail. They were put under guard at a neighbor's home over night.

About midnight they were taken from the house and hanged to a tree. The guard saw a large crowd came up, and supposing them to be Evans' friends came to rescue the prisoners, they fled.

Mooney has about recovered from his wounds of last May.

May Not Participate in the Fair.

WASHINGTON, Aug. 17.—A dispatch from Berlin says that the signs multiply that German industries will not be fully represented at the Chicago Fair. Many unfavorable replies have been received by the Imperial Commissioner, and as a result the government has thought best to issue a statement that its official acceptance of the invitation to participate in the fair will be withdrawn unless a suitable number of exhibitors signify their intention to send displays. The government doesn't wish to appear as officially recognizing an exhibition that will not afford a creditable showing of German trade and industry.

The Great Trotting Meeting.

CHICAGO, Aug. 17.—One of the greatest trotting meetings Chicago has ever had will open at Washington Park this afternoon and continue six days. The programme, which has been arranged by the Northwestern Association of Trotting and Pacing Horse Breeders, consists of thirteen regular races, with 450 entries, and in addition six dash races are provided, one each day. All the star drivers, trotters and pacers of the West are here, together with a share of the Eastern horses and experts.

Price of Flour Advances 4.

ROCHESTER, N. Y., Aug. 17.—In consequence of the recent advance in wheat, local millers have put up the price of flour about 75 cents. The proprietors of most of the large mills depend upon Western wheat and are buying as little as possible, claiming that the advance will not be permanent. The price paid for local wheat last week was \$1. There is very little wheat being held by the farmers.

Three Smugglers Arrested.

NEW YORK, Aug. 15.—Three smugglers were arrested on the Erzurum, which has just arrived. They were Joseph Zeiter, of Syracuse, N. Y., and N. E. Yeiser and Jacob Rosenberg, of this city. A large quantity of silk and jewelry was seized. The men will have a hearing before the United States commissioner.

IS THE KAISER MAD?

A Sensational Story Printed in a Paris Paper.

DOINGS ON THE HOHENZOLLERN.

The Emperor Tried to Throw One of His Officers Overboard.

In the Struggle That Followed He Fell and Broke His Knee Cap—Carried Into a Padded Cabin by the Officers and Placed in a Straitjacket—The Sailors Paralyzed with Fear—The Crisis Lasted Three Days.

PARIS, Aug. 17.—The Paris Eclair, which is not given to sensationalism, prints the following story as confirmed by unquestioned authority:

On the night of the departure of the Imperial yacht Hohenzollern from England the crew was beaten to quarters and was surprised to find the quarter deck brilliantly illuminated.

An altar had been erected on the deck, bearing the Old and New Testaments, and the Kaiser stood by wearing a white chauberte with a crozier in his hand and a black and white mitre on his head. He read the most warlike passages from the Testaments and invited the crew to respond. He then preached a long sermon on the duty of sovereigns to their people, the whole service lasting from 11 p. m. to 2 a. m. The crew were then piped below. At 3 a. m. the Kaiser appeared on the bridge in the uniform of a high admiral, looking extremely haggard, and addressing the commander, said: "Sir, retire to your cabin; I shall see you there."

"Sir, permit me to observe that we are in a dangerous passage and that it is advisable for Your Majesty's safety, as well as for that of the crew, that a sailor remain in command."

The Emperor responded: "Never mind. God will inspire me." The commander bowed and retired.

The second officer remaining, the Emperor angrily bade him retire, the officer respectfully protesting.

Crazed With Rage.

The Emperor then said: "You resist, wretched creature. You trouble the spirit of God which is in me. This is the vengeance of God upon you," dealing the officer a heavy blow on the cheek. The officer turned crimson, but remained until the Emperor seized him by the throat and tried to throw him overboard. In the struggle that followed the Emperor fell and broke his knee-cap. The sailors watched the scene, paralyzed with fear. The occurrence was one that cannot be forgotten.

Denied by the President.

He Will Not Write a Letter Withdrawing from the Presidential Race.

CAPE MAY, N. J., Aug. 17.—President Harrison, through Private Secretary Halford, denies the story that he is about to declare over his signature, that he will refuse to be a candidate for re-nomination. The President replied in his usual manner that he would not discuss newspaper rumors.

Two Drowned and Two Escaped.

NEWPORT, R. I., Aug. 17.—Four persons—two women and two men—started for Jamaica in a rowboat last night. The boat struck a rock and sank. Annie McCormick, of Providence, and Eugene Maloney were drowned. The woman's skull was found to be fractured, and an autopsy will be held. Maloney's body has not been recovered. The other couple were rescued by a passing sailboat.

Will Hang Him if He Resolves.

OTTAWA, Kan., Aug. 17.—E. H. Preston, a wealthy lumberman, shot his wife dead during a quarrel last evening and then attempted suicide. It is deemed the probabilities are that he will be hanged out and hanged by the citizens. He is very low.

The Atlantic Joins the Squadron.

NEWPORT, R. I., Aug. 17.—The U. S. steamer Atlanta arrived here at noon and joined the other vessels of the White Squadron at anchor in the harbor. The fleet will probably sail for Boston to-morrow.
